U.S. NATIONAL ARBORETUM  
LIBRARY

SEASON 1960 OFFERING OF HARDY FLOWERING BULBS IN THE BEST STANDARD DOMESTIC AND IMPORTED VARIETIES, STATE INSPECTED. PREPAID IN CONTINENTAL U. S. A. KENTUCKY RESIDENTS PLEASE ADD 3% STATE SALES TAX.

TREE PEONIES (PAEONIA ARBOREA). Stock offered are one year grafts, imported from Japan, mid-October. Due to location or climatic conditions for those requesting, we shall be glad to make early spring shipment. Bloom cannot be expected before the third year. With adequate drainage, they should be planted deeply, so that the tree graft can develop roots in abundance. Shade is detrimental. Strong vigorous stems are acquired by cutting the plants at ground level, every three years. Due to demand our stock of older grafts is too limited to offer. Here with are varieties imported and offered by color so last years customers may choose something different. Red, white, pink or purple at \$1.50 each. three or more \$1.25 each. Yellows \$3.00 each.

RED HATSUHIKODE (Rising Sun of the New Year. Pure carmine. Large double.  
HODAI (Reign of the Chinese Emperor). Vivid carmine, nearly full double. Large.  
NISSHO (Sunbeam) Large double, brilliant scarlet.
